Abstract—A portfolio provides a collection of evidence that is gathered together to show a person’s learning journey over time and to demonstrate their abilities.

I. PROJECT AIMS

A. *Why I'm choosing this project?*

This portfolio represents my background that you can study to judge how productive it would have been if I was to be chosen to work in your company/concern.

II. MODULE

In this project, I'm using HTML, CSS, Bootstrap to create my portfolio.

III. FEATURES OF THE PROJECT

HOME: In this section, I have put a picture of mine along with a little introductory note.

ABOUT: In this section, I have briefly portrait myself in short paragraphs.

SKILLS: Under this section, I have mentioned about the programming languages that I work with and acknowledged, followed by my art and photography skills with few demonstrations.

EXPERIENCES: In this section, as soon as I start undertaking projects, in the near future, will I mention about those in here.

EDIFICATION: Under this edification section, I have fully mentioned all my education degrees and qualifications.

CONTACT: In this section, I have put a contact section to contact or collaborate with me through the Email.
